A really positive experience; a very good way to approach the customer; as usual, excellently organised...well done!

LUCA FRANZOLINI - INTERNA COLLECTION

I have been following up on all our meetings and received immediate responses from the buyers I met. The recession has impacted the US hospitality markets on all levels. Asia seems to have the growth and the high level projects, perfect for our beautiful surfacing materials.

JOYCE ROMANOFF - MAYA ROMANOFF

It was really a great experience, worth the long trip from Europe. My best compliments to the organising team who were able to make everything perfect in a so far away place. Thank you. See you next year.

LORENZA RADRIZZANI - LA MURRINA

It is an experience and a good chance to start business relationships.

MARCOS DE NUTTE – CAPDELL

A very pleasant experience, everything was very well organised and the Atticus team are extremely professional. We were well taken care of, all our needs were met and it was pretty stress-free. I had a great time networking and developing new business opportunities.

We were impressed by the quality of people at HI DESIGN. We would attend again!

Excellent organisation. Appointments matched our choices. Designers suited to our products.

DIDIER BALTZER - HORUS FRANCE

HI DESIGN is unique focusing on specifiers rather than other users. I had a great time, and it was worth participating.

It was an excellent few days. Made some new really good contacts and re-met some old contacts - all of which is great for future business opportunities.

I feel really lucky to have been part of the first HI DESIGN Asia. Although it was a very intense few days, as a supplier it is an ideal and most exciting event for getting recognition in my field. Loved it! Loved the people. Great Event!

LUCY DESLNDES – ENERGMAGIC

I thoroughly enjoyed HI DESIGN. The buyers are really interested in the products and take the opportunity to seek out vendors they want to talk to. They're also from the various cities in the region - for globally based vendors this expands the opportunities and provides more mileage.

ELEANOR FOONG - TAI PING CARPETS

Really good value
